Da., Kawan:—My with has been afflicted with a bad cough and difficulty of treathing, for five or six years, which, for several yearsback, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. in this state of her case, I procured some of your Pectoral Cough 8yrup. I bought, the first time, a fifty centostile, which relieved her very much; I then called and get a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express may entire satisfaction with the sadicine, and you are at liberty to publish that if you swire to do so.

Alderman Fifth Ward. Pressures, Nov. 18, 1858.

DR. Keysen — Aithough not an advocate of Paten Medicines, in general, it affords me pleasure indescribable to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person sho may it any manner be afflicted with coughs, colds and hoarseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold. There cold.

I have been, more or less, in my life, affected with the severest of colds and hourseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup itwould relieve me cattrely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to curs the above, nor should any family be without this remedy for diseases so prevalent.

COL. PHATT AND DR KEYSER'S PECTORAL SYRUP.—Dr. Keysen—Dear Siri Excuse the delay of my scknowledging the excellence of your Pectoral Cough Syrup sconer. I take great pleasure in saying that it is all you say it is. If knocked the noise out of my cough and the worst one I was ever afflicted with: I have use used more than one-ball of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such as attack for any consideration, or at any cost. I am condicant ican breather more freely than I aver did. I shall always acknowledge a debt of grattende for inventing so excellent a remedy. Tou are at therety to use my memor in this regard, as you think proper E. F. PEATT.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill, with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his crother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pecteral Syrup, which I gave him, and it entirely cared him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pecteral saved his lite.

Prof. Wood: Thes will please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, at tended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, lieither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bettle of thy flair Restorative, about the first of August last. I have faithfully followed the directions, and the baid spot is now covered with hair thick and black, though short, it is also coming in all over my head. the year 1852, while attending the State and National Law School of the State of New York, my half, from a cause unknown to me, commenced falling off very rapidity, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and bace, part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casely acquaintances were not so mech at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skilliful physicians in the country, but, receiving no assurance from them that my hair would again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1837, your Restorative was recommended to me by a druggest, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven deliars' worth of your Restorative, and as a result, have a rich coat of very soft bisch hair, which no monny can buy.
